

Model No. 61235

10' x 10' Eco-Metal Storage Sheds

The Eco-Metal Series is an ideal metal shed for cost conscious "consumers" without compromising durability & space. All Eco-Metal Series walls are reinforced with metal roof supports and corrugated wall columns for more durability.

- Hot-Dipped Galvanized Steel for Durable-Corrosion Protection
- 20% Thicker Steel than Conventional Metal Sheds
- Ready to Assemble with Pre-cut Holes & Material
- 51 1/8" Wide Double Doors
- Gable roof design with 4 Air Vents (2 on the front & Back) for Better Air Circulation
- Corrugated Walls provide Greater Strength
- Impervious to Wood Eating Insects
- Strong Reinforced Metal Roof Supports & Corrugated Wall

Eco-Metal Construction

DuraMax Eco-Metal Storage Sheds are manufactured with durable and good quality metal components. These sheds provide safe and secure storage space. The sheds are reinforced with a strong metal roof structure that will carry up to 12 lbs/sqft snow load.

Assembly Made Easy

The assembly is simple, clean, safe and can be completed in a few hours. All parts are pre-cut, drilled and numbered for ease of assembly. All you need to provide is a level surface of either wood or concrete. In addition, you will need a drill with a #1 phillips head, hammer, measuring tape, pliers and a ladder. Please refer to the Owner's Manual for more detail; available also at www.duramaxbp.com.

Eight Years Warranty

DuraMax Sheds utilize the best quality materials, reliable manufacturing techniques, strict quality control and are backed by a 8 years Limited Warranty.

Features

Reinforced Metal Groove Wall provide Greater Strength

Strong Reinforced Metal Roof Supports & Corrugated Wall

Please do the following prior to your Duramax Building Product purchase:

- Check with your local city hall for building ordinances & CCR's.
- Be sure that intended placement of building is within your property lines.
- Measure the size of the intended building site and make sure you have a level wooden or concrete foundation.
- Do not build shed over utility lines (i.e. gas, electrical, telephone, cable, etc).
