## Duramax Building Products Care & Maintenance

Congratulations on your recent purchase! We at Duramax Building Products know you have a choice when it comes to your storage solutions, and we want to thank you for choosing Duramax Building Products. Minimal care and maintenance should be taken to prolong the life of your Duramax Building Products.

**ROOF :** Keep roof clean of leaves and snow with long handled, soft bristled broom. Heavy amounts of snow on the roof can damage the shed making it unsafe. Do not step on the roof.

**WALLS:** Do not rest any object against the wall panels of the shed.

**DOORS:** Keep doors closed to prevent wind damage.

**FASTENERS:** Regularly check your shed for loose screws, bolts, nuts, hinges and retighten them as necessary.

**MOISTURE:** With changing temperatures, condensation will accumulate inside the shed. Good ventilation will help in regulating and avoid moisture.

**DO NOT** store swimming pool chemicals in your building; combustibles and corrosive must be stored in air tight containers
