SIDESTORE 10x4
EXTENDED-HEIGHT VINYL STORAGE SHED

EXTENDED HEIGHT

MORE HEIGHT. SAME SPACE-SAVING FOOTPRINT.

The SideStore 10x4 adds nearly 10 inches of door-opening height over the SideMate Pro while maintaining essentially the same narrow 10x4 footprint.

WHY SIDESTORE?

Choose SideStore when taller access and additional vertical flexibility matter more than keeping the lowest possible shed profile.

KEY DIMENSIONS

83.3"	71.3"	60.6"
OVERALL HEIGHT	DOOR HEIGHT	DOOR WIDTH

Wide double doors • Included metal foundation kit • Metal-reinforced wall columns • Integrated ventilation

SIDESTORE 10x4
EXTENDED-HEIGHT VINYL STORAGE SHED

BUILT FOR NARROW SPACES. DESIGNED FOR EASIER ACCESS.

A long, shallow footprint keeps stored items accessible while the extended-height entrance makes moving bikes, garden equipment and seasonal gear in and out easier.

71.3" HIGH ENTRANCE

EXTENDED-HEIGHT ACCESS
Approx. 9.6 inches more door-opening height than SideMate Pro.

WIDE DOUBLE DOORS
60.6" W x 71.3" H opening for convenient access.

REINFORCED CONSTRUCTION
Metal-reinforced wall columns support the vinyl wall system.

FOUNDATION KIT INCLUDED
Metal foundation frame provides the structural base for installation.

SPACE-SAVING DEPTH
50.0-inch exterior depth is well suited for side-yard placement.

15-YEAR WARRANTY
Backed by Duramax Building Products.

EXTENDED HEIGHT DIFFERENCE **+9.6"** more front entrance height than SideMate Pro without materially increasing the ground footprint
